**Subject:** RE: Question SB-614

Hi, Mary.

We're going to need an amendment to SB-614 (phragmites). At the moment it needs to do two things:

1. Change the dates when this activity can be done from August 1 to July 1. The March date can remain the same.
2. Eliminate the reference to "dry" lakebed.

Is it your interpretation that our bill would also exempt them from having to obtain ANY permits for things like spraying an herbicide? There seems to be some question as to whether we remove any need for a permit for that or if we're only exempting the need for a permit to use the vehicle.

Thanks,

jay

No, I have not seen it and it would not be part of the drafting file. Maybe someone is referring to the fiscal estimate, which can be accessed on line.

Morning, Mary.

Would you happen to have a copy of the DNR's analysis of SB-614 by chance?

I heard they did one but I haven't seen it. I was wondering if it is part of the drafting file.

Thanks,

jay
